

Fraunhofer Institute for Autonomous Intelligent Systems

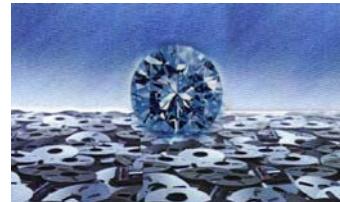

Fraunhofer
Institut
Autonome Intelligente
Systeme

Main research area

- Data Mining and Knowledge Discovery

Skills & Projects

- Text Mining
MediaRank - Classification,
Semantic Grouping & Retrieval
- Multimedia Mining
II-Avida – Indexing Based on
Text, Speech & Video
- Geographically aware Knowledge Discovery
GPS-based Projection of Person Tracks

Fraunhofer Institute for Autonomous Intelligent Systems

Fraunhofer
Institut
Autonome Intelligente
Systeme

Skills & Projects

- Ubiquitous Knowledge Discovery
KD-Ubiq – Coordination Action
- Grid Computing
DataMiningGrid - Indexing, Ontologies
SIMDAT – Infrastructure, Workflows
- Coordination & Exploitation
Successful Participation / Coordination of many EU Projects
Transfer of Results with Partners from Industry
