

Trinity College Dublin

Distributed Systems Group

Department of Computer Science

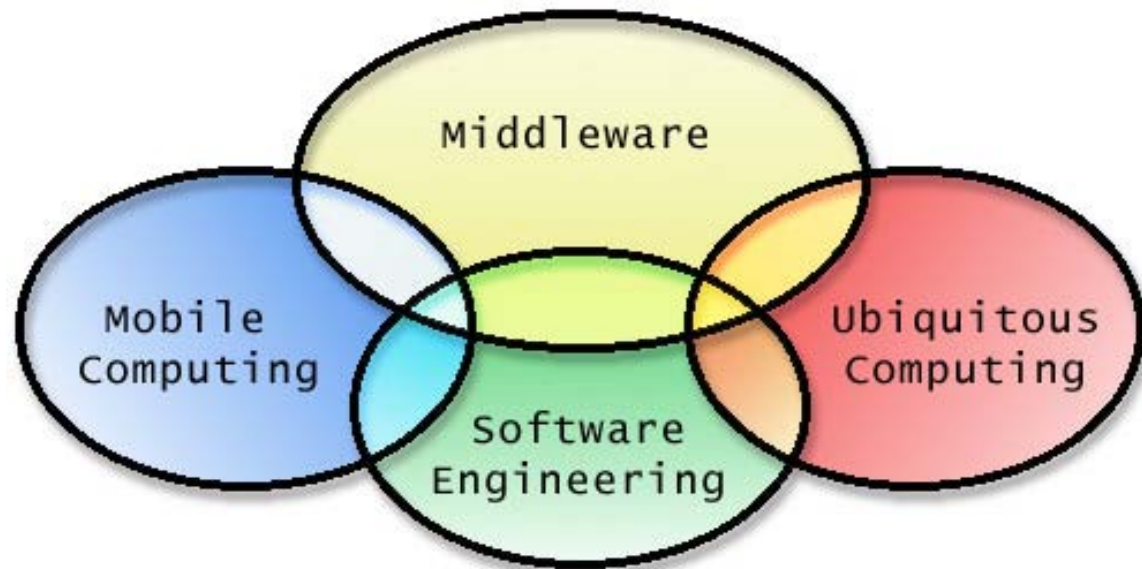

Prof. Vinny Cahill

8 Academics

15 Post-docs/research assistants

~35 Ph.D. students

From 16 countries

DSG Research Expertise

Key expertise for Advanced Robotics

- Autonomous and self-organising systems
- Real-time wireless communication
- Real-time collaboration of mobile entities
- Context-aware computing

Wide experience of collaborative research

- Coordinator of **SECURE: Secure Environments for Collaboration among Ubiquitous Roaming Entities**
(IST Project: IST-2001-32486)
- Partner in **CORTEX: CO-operating Real-time senTient objects: architecture and EXperimental evaluation**
(IST Project: IST-2000-26031)
