

INCITE
Catalyst for Euro-Indian IT research

INCITE PROJECT
IST Event 06 - Press Release No 02
Helsinki, 22/11/2006

GET IN TOUCH FORM ON INCITE WEB-SITE TO FOLLOW UP ON CONTACTS WITH INDIA

Indian IT is now in the pockets of 100 IST participants after the Mini-Directory of Indian organisations interested in co-operating with Europe was distributed at the Euro-India co-operation stand.

Produced by the INCITE project with the title of India in Your Pocket, a Mini-Directory of Indian EU friendly organisations, the first version of the booklet collects profiles and basic facts about more than 40 among universities, research centres, large and small companies carrying out IT research activities and potentially interested in the ICT programme within FP7.

The directory will soon go on-line on the INCITE web-site (www.inciteproject.org) and will be enriched with the profiles of other Indian organisations. In the meanwhile, for those that already got hold of the Mini-Directory, an on-line Get in Touch form is available on <http://www.inciteproject.org/getintouch.asp> to facilitate their direct contacts with Indian organisations.

To know more about the INCITE project, go on <http://www.inciteproject.org>

To get in contact with the Indian NCP and the representatives of the IRSN, see us at the Euro-India co-operation stand No 71, or attend at the Networking Session on EU-India ICT co-operation on 22/11/2006 at 11.00, Room 203b
