

# Objective 2007.1.3. INFO DAY

Networked Enterprise and Radio  
Frequency Identification" Unit

Brussels, 9 February 2007

## GBN1 Consortium

### Interoperability Service Unit Test Build

### Project: CoAble

- To test build a fast model, rapid alignment, interoperability, choreography, collaboration, business intelligence, process improvement, inter-enterprise engine for supply chain processes
- **Expertise:** Business Process and Behaviour  
25 years Global Supply Chain Management  
Abstraction, Logic, Vision - 13 layer BP model  
16 major new pieces of IP – 4 existing patents

### Impact:

### Consortium Partners:

GBN1 Process Choreography uk-sme

I-Know Business Intelligence belgium-sme

## Future steps

- The GBN1 Consortium requires:
  - 1 to 2 STREP partners
  - Not in UK or Belgium
  - Interest and track record in supply chain and logistics collaboration and interoperability

The GBN1 Consortium would consider making our interoperability fractal solution architecture available to other projects in other sectors or domains
